

ANNUAL MEETING HIGHLIGHTS 1987

JULY 4, 1987

Greetings, Fellow UHL Collectors,

John and I are just back home after attending (for the first time) the Saline (MI) Antique Show. We spent a lovely day browsing the 600 dealer set-up at the Washtenaw Co. Fairgrounds and only saw two pieces of Uhl. It's getting harder and harder to find and more dealers are becoming aware of the name as more collectors look for it.

I did purchase one postcard from Dillsboro, Indiana advertising the town as being famous for the White Crane Mineral Water. (This card was mailed in 1912.) Uhl made the crockery containers for this water. I hope to be able to have a story on that in the future.

Our annual meeting turn-out was much more than I had expected. Some members came who did not send reservations and several newcomers joined in the A.M. prior to the meeting.

More members than had sent reservations for tables set-up, also. I don't really know how brisk sales were but I'm sure there were lots of lookers.

Look for an article in the Antique Week soon about the show and meeting. It may be there before this reaches you.

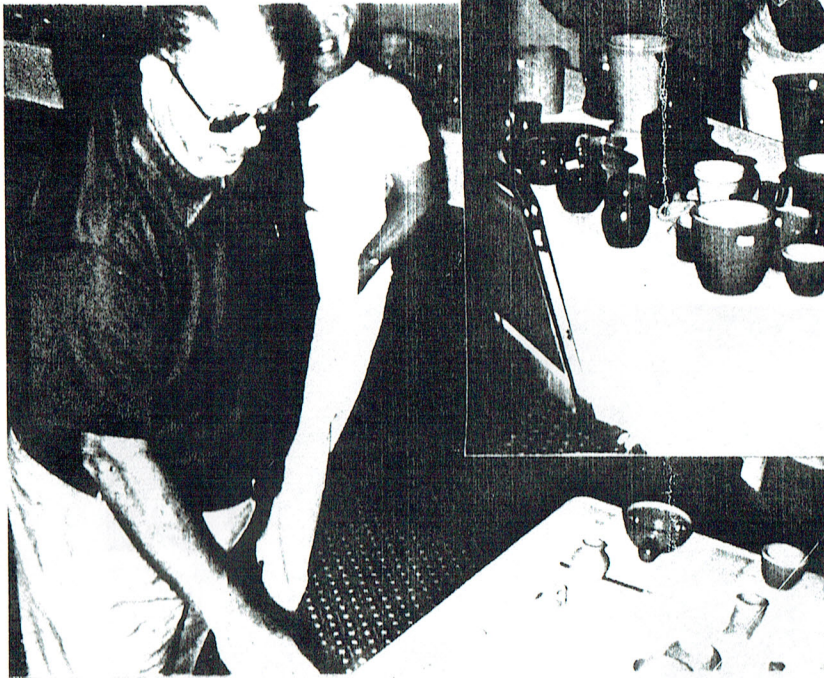

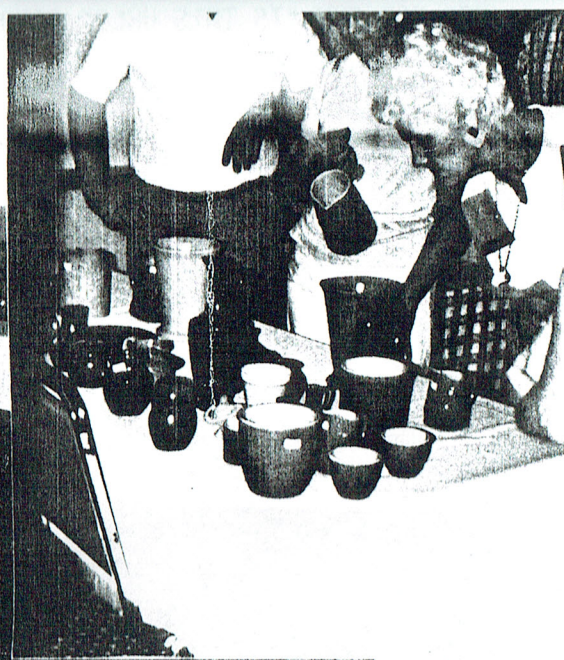

For more information on the meeting and vital statistics of the society, look inside.

Don't forget to write to me with something for the August newsletter. You don't know what to write? How about auction prices, or how you started to be an UHL collector, or about a special piece in your collection, or send me information if you have some UHL you wish to sell.

Happy hunting,

Sue Uhl, Secretary

The Pres.

A nice letter came from Evelyn Hartz this week. They had been checked in at the hotel for the meeting and were called away for a family emergency on Friday night. Her dad then passed away on the 25th of June in Lafayette. The Hartz's are fairly new members from Hoopston, IL.

Jim Cummings wrote to send bills for mailing mugs. He still has some of the reprint UHL catalogs available via mail for \$10.00. His address is 2822 Mariposa Dr., Terre Haute, IN 47803.
