

Rose (pink) cookie jar, marked on bottom; sold new for \$9 dz.

Rose dog dish in foreground, new sold for \$4.80 per dozen!

OCTOBER 1987

Published bi-monthly at P.O. Box 116, Orland, IN 46776

Monday, October 19

I write to you from an absolutely perfect autumn in Steuben County, Indiana. Last Saturday was 'the day' in the autumn parade of golds, oranges, reds and yellows in this northeastern Indiana area. I watched from my second story office as hundreds of maple leaves cascaded to the ground in a colorful shower. Today, the trees are not quite as colorful but the ground is a green velvet carpet covered with silk -- a canvas even artist Robert Wood could not reproduce.

We were pleased to have Ron and Pam Robbins visit us for a while during their vacation recently. Among their vacation plans was a trip to the Shipshewana Flea Market and Auction that Wednesday. Robbins are members from Crawfordsville, Indiana.

Several requests have come in these two months for information about the society as well as price requests. Thanks to those of you who have sent news for this letter.

John and I have some surplus pieces of UHL for sale which you will find inside. If you have anything to sell, let me know including description, price, your name, address and telephone number. They will be published in the next newsletter.

Of special interest, see "From the Members" for news on UHL auction. I'll try to have details before this goes to the printer.

Annual dues are not due until January but if you wish, you may send yours now so the paperwork is spread out. The fee is still \$10. January to December per household.

Don't forget to write. Until next time,

Happy hunting,

*P.S. You should be
receiving a pictorial
Catalog of the Linfesty
auction. S.U.*

Sue

Sue Uhl

FROM THE MEMBERS

* Eloise DeVoy-Evansville, IN:

What years did Evansville UHL use the oval marking and then what years did they use the square marking? Also, what years did Huntingburg use the square and then the round marking? Where were there other marks? What years?

Can anyone help us??????

* Jill & Don Scifres-Greenwood, IN:

"....recently we obtained an 8#2oz. miniature female, Jordan, in mint condition (on Aug. 21).

Recent prices seen or purchased:

rose custard, marked, \$6 blue 5 qt. pitcher, marked, \$90
blue casserole, small, no lid, marked, \$7.50
blue ½ pt. bellied jug, #509, \$10"

* Pam Robbins-Crawfordsville, IN:

While on vacation in northern Indiana, stopped at the home of Gerald Lenfesty. Having quite a nice collection, he is to have an auction in November down at Daylight, IN. Pam says she hopes to go even if only to take pictures! Also, they were able to purchase a baseball for \$20.

* Antique Week: Report of Indianapolis sale where a 1941 Christmas jug was offered for \$175. An unmarked blue over white miniature covered crock was offered for \$139.

* Marilyn Benda-Chicago:
picture of a dog dish with request to know if it is UHL. Reader, what do you think?

* Sarah Turner-Ada, MI:
picture of cookie jar on back
She has not been to a meeting so has not seen other collections to help her 'learn' UHL. She has several unmarked pieces which she thinks are UHL but she needs help. Is anyone going to be traveling in her direction?

* Phyllis O'Neal-Terre Haute, IN:
Purchased a birdhouse with no perch--for \$12! Also a blue & white sponge butter crock w/lid she thinks is UHL. She says UHL is becoming harder to find in the shops and more highly priced.
